For two-letter codes and other abbreviations, refer to the "Guidance Notes on Codes and Abbreviations" appearing at the beginning of each regular issue of the PCT Gazette.

(54) Title: MEMORY AID

(57) Abstract: A memory aid comprising a display having a plurality of display zones (19), each display zone adapted to provide a display independently of the other display zones, each display zone capable of sequentially displaying the letters of an alphabet and a control adapted to cause the sequential display of the letters at each display zone. An electronic device and a mechanical device and a software programme which is adapted to control a computer is claimed.
